Aloha!

What's with this unfinished page? Who in their right mind would release an unfinished chapter?

Well, uh... Me.

I mistyped in my retirement announcement that I'm dropping Abnormal after chapter 12. I actually meant chapter 11. But since that's still technically my fault, I tried to take responsibility and release chapter 12, but I just couldn't bring myself to finish it.

Aaaand so, Abnormal-kei Joshi is dropped, effective immediately XD
